Key Qualification Information

Qualification number:	603/2652/9
Operational start date:	11 Dec 2017
Total Qualification Time (TQT):	17
Guided Learning Hours (GLH):	12 (minimum 2 days)
Number of units:	2 mandatory units
Credit value:	2
Assessment Methods:	<ul style="list-style-type: none"> • Theory assessment/multiple choice question paper: <ul style="list-style-type: none"> 1 x 16 question paper (minimum score 11) 1 x 30 question paper (minimum score 21) • Practical assessment – 6 completed throughout the course

Qualsafe Awards

Not only is Qualsafe Awards (QA) one of the largest Awarding Organisations (AO) in the UK, we are also the biggest AO for First Aid qualifications, making us an extremely trusted and recognisable name that employers look for when selecting a training provider.

We are recognised and regulated by the Office of Qualifications and Examinations Regulation (Ofqual), Qualifications Wales and the Northern Ireland Council for the Curriculum, Examinations and Assessment (CCEA). This means we can offer Centres an extensive range of qualification suites including First Aid; Prehospital Care; Health and Safety; Mental Health First Aid; Licensing; Food Safety; Fire Safety; Education and Training; Manual Handling and Health and Social Care.

With a specialist team of subject matter experts on hand to support our Centres, including A&E Consultants, doctors, paramedics, nurses, physiotherapists and specialists in other sectors such as mental health, you can be confident that you are truly working with the industry experts.

Qualification overview

This qualification forms part of the QA First Aid suite of qualifications. The qualification and learning outcomes are based on the recommendations of:

- Resuscitation Council (UK)
- A distinguished panel of experts in emergency medical care

This qualification outlines a range of knowledge and practical skills for providing emergency first aid in activities. Learners will practise assessing and managing an incident and demonstrate how to treat a variety of conditions from life-threatening illnesses to minor injuries.

This qualification specification provides information for Centres about the delivery of the Qualsafe Level 2 Award in Activity First Aid (RQF) and includes the unit information, assessment methods and quality assurance arrangements.

Objective

The objective of the qualification is to benefit Learners by preparing them to deal with a range of first aid situations.

Intended audience

This qualification is for people who have a specific interest or responsibility in voluntary and community activities such as sports.

Structure

This qualification contains 2 mandatory units with a Total Qualification Time (TQT) of 17 hours. Full details of these units are in *Appendix 1*.

Learners must complete all assessments in both units successfully within the registration period to achieve the qualification. The maximum period to achieve this qualification, including any referrals is 6 weeks.

TQT is the total number of hours required for a Learner to achieve this qualification. It has 2 elements:

- Guided Learning Hours (GLH) is the time a Learner is being taught and assessed under the immediate guidance of a Trainer/Assessor, which for this qualification is 12 GLH (minimum), and
- The number of hours a Learner will reasonably be likely to spend in preparation and study, including assessment, as directed by, but not under the immediate guidance or supervision of a Trainer, e.g. pre-course reading, which for this qualification is 5 hours

Related units

The Qualsafe Level 2 Award in Activity First Aid (RQF) contains 1 unit that also appears as Unit 1 (First Aid Essentials) of the Qualsafe Level 2 Award in First Aid Essentials (RQF).

Therefore, assessments attained through the First Aid Essentials unit may be used towards the achievement of the Qualsafe Level 2 Award in First Aid Essentials (RQF) qualification should the Learner not achieve Unit 2 (Management of Illness and Injury in Activities) of this qualification.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a process for recognising any previous learning undertaken or assessments attained by a Learner. The Learner must prove they have met some or all the learning outcomes or assessment criteria for this qualification before RPL can be considered.

Any evidence submitted as RPL must be valid, authentic, reliable, current, sufficient and specific.

In some cases, Centres may need to produce mappings against QA learning outcomes and assessment criteria to confirm comparability of qualification certificates or evidence being submitted. Mapping templates created by QA must be used for this process. Please see the *QA Recognition of Prior Learning (RPL) Policy* for further details.

RPL is considered for this qualification. The potential outcomes could include reduction or exemption of:

- Learning outcomes or GLH
- Assessments

RPL for this qualification **must** be approved by QA prior to implementation. Note: Charges may apply.

Entry requirements

Learners must be at least 14 years old on the first day of the training and able to perform practical tasks at floor level. There are no other formal entry requirements but we strongly recommend that Learners have a minimum of Level 1 in literacy and numeracy or equivalent.

Other course requirements

Due to the practical nature of this course, Learners should wear appropriate clothing and footwear, e.g. trousers and flat footwear.

Progression

The Qualsafe Level 2 Award in Activity First Aid (RQF) may be used towards other qualifications at the same and higher level, plus aid career progression in a relevant profession.

Requalification requirements

This qualification is valid for a period of 3 years. The Learner needs to retake the qualification before the certificate expiry date to remain qualified.

Qualification approval requirements

Qualsafe Awards requires the Centre:

- To have appropriate policies, systems and procedures in place
- To appoint suitable individuals from their personnel team to train, assess and quality assure their QA qualifications
- To have suitable and adequate venues, equipment and learning resources

In order to secure and maintain approval from QA, Centres need a minimum staffing requirement for each qualification suite they deliver, which for this qualification is:

One Trainer/Assessor	Responsible for the delivery and assessment of qualifications
One Internal Quality Assurer	Responsible for quality assuring the delivery, assessment and awarding of this qualification

Qualsafe Awards requires the Centre staff to read and understand QA's key policies and procedures, and to abide by their contents.

Trainer

All Trainers should have the skills, knowledge and experience to be able to teach and demonstrate the subject. Each Trainer must be approved by Qualsafe Awards and provide evidence of:

1. A relevant vocational qualification and/or experience as shown in *Appendix 2*
2. A formal teaching/training qualification as shown in *Appendix 3*
3. An acceptable log/record of teaching first aid as shown in *Appendix 2*

Trainers are expected to keep up to date with the subject area and provide evidence of continuing professional development (CPD).

Assessor

All Assessors should have the skills, knowledge and experience to be able to assess the subject. Each Assessor must be approved by Qualsafe Awards and provide evidence of:

1. A relevant vocational qualification and/or experience as shown in *Appendix 2*
2. A formal (regulated) assessing qualification as shown in *Appendix 3* **or** attendance at relevant CPD training with an Awarding Organisation (AO)
3. An acceptable log/record of assessing first aid as shown in *Appendix 2*

There is no requirement for a separate Assessor when delivering this qualification. Trainers can perform the role of both Trainer and Assessor providing they meet the requirements for each role.

Assessors are expected to keep up to date with the subject area and provide evidence of CPD.

Internal Quality Assurers

Internal Quality Assurers (IQAs) of this qualification must have knowledge and competency in first aid as well as knowledge and competency in internal quality assurance. An acceptable portfolio must show:

1. A first aid at work qualification or medical registration as shown in *Appendix 2*
2. An acceptable internal quality assurance qualification as shown in *Appendix 4* **or** attendance at relevant CPD training with an Awarding Organisation (AO)

IQAs are expected to keep up to date with the subject area and provide evidence of CPD.

They must also:

- Have knowledge of the requirements of the qualification they are quality assuring at the time the assessment is taking place
- Have knowledge and understanding of the role of IQAs
- Attend training delivery and observe assessments being carried out
- Carry out other related internal quality assurance

Full details of the Centre's requirements for internal quality assurance are in the *QA Centre Assessment Standards Scrutiny (CASS) Guidance*.

Note: IQAs cannot quality assure a course for which they were the Trainer and/or Assessor.

Venue and equipment

Quality training involves using premises conducive to learning and it is a Centre's responsibility to make sure all venues used for training and assessment purposes are suitable and adequate – whether these are hired or in-house training rooms. They must also comply with all current legislation.

In addition, it is important to use a wide range of equipment and learning resources to support delivery.

As a minimum, Centres must make sure their venues, equipment and other resources include:

Area	Requirements
Resuscitation manikins	Provide a minimum ratio of 1 manikin to every 4 Learners to facilitate training and assessment of rescue breaths, chest compressions and Automated External Defibrillation (AED) pad placement.
Hygiene	Sufficient procedures to maintain hygiene when using resuscitation manikins and other training equipment.
Audio visual (AV) equipment and training aids	Sufficient AV equipment and training aids to facilitate learning using varying teaching methods.
Learning materials	Provide Learners with clear and accurate reference books/handouts covering the topics included in the qualification. Learners should have access to these reference materials for the validity of their certification.
AED trainers	Provide a minimum of 1 AED trainer to every 4 Learners. If fewer AED trainers are provided, adjust learning hours/lesson plans accordingly to make sure Learners are not disadvantaged.
Bandages and dressings	Sufficient clean bandages, dressings and other items commonly found in a first aid kit to facilitate training and assessment.
Choking vest/manikins	Provide Learners with suitable choking vests or manikins to facilitate training and assessment of back blows and abdominal thrusts.
Training venue	The training venue must meet acceptable health and safety standards and be conducive to learning, with sufficient: size, floor surfaces, seating, writing surfaces, toilet facilities, ventilation, lighting, heating, access, exits, cleanliness, absence of distracting noise.

Optional catastrophic bleeding practical assessment

The following resources are required for the optional catastrophic bleeding practical assessment:

- A manufactured tourniquet
- Equipment required for the application of an improvised tourniquet
- A replica wound with training equipment for wound packing
- Imitation haemostatic dressings or other dressings

Course/Centre administration

Registering Learners

Register Learners with Qualsafe Awards in accordance with the guidance in the *QA Centre Handbook*.

Certification

After a Learner has completed an assessment, unit or qualification, whether they have passed or not, Centres must enter the details and assessment results on the QA Customer Portal at: www.qualsafeawards.org

Centres will be given login details and guidance on using the QA Customer Portal when they are approved to deliver a QA qualification.

The Learner receives a certificate on achieving this qualification.

Learners who complete the optional training and assessment for use of tourniquets and haemostatic dressings have additional text included on their certificate that acknowledges these skills.

The certificate date is the date the Learner achieves the final unit. This qualification is valid for 3 years. The Learner needs to retake the qualification and the assessments before the end of the 3 years to remain qualified.

QA have developed a verification tool that means the validity of every certificate can be verified online. This verification tool can be found on the QA website.

Refresher training

Qualsafe Awards recommend Learners also complete annual refreshers to maintain their basic skills and keep up to date with any changes to first aid procedures.

Recommended annual refresher training/qualifications include:

- Qualsafe Level 3 Award in First Aid at Work (Annual Refresher) (RQF)
- Qualsafe Level 2 Award in Basic Life Support and Safe Use of an Automated External Defibrillator (RQF)
- Qualsafe Level 2 Award in Basic Life Support and Management of Anaphylaxis (RQF)
- Qualsafe Level 2 Award in Basic Life Support for Adults and Children (RQF)

Delivery and support

Learner to Trainer ratio

To maintain the quality of training and assessment, make sure the class ratio is no more than 12 Learners to 1 Trainer. The assessment space should allow Learners to sit at least 1 metre apart to prevent collusion during the theory/multiple choice question paper assessment. Never allow more Learners on the course than you can cater for during the assessment.

Delivery plan

Qualsafe Awards provides Centres with a complimentary course programme and detailed lesson plans, which are carefully designed to meet the objective of this qualification and the needs of Learners, making sure Learners are adequately prepared for the assessments.

For Centres wanting to include additional skills, we have created additional lesson plans to include an additional session for catastrophic bleeding, including use of tourniquets and haemostatic dressings.

Centres not using QA lesson plans, which are created and provided free on qualification approval, must submit their own delivery plan and have it approved by us **before** delivering this qualification. Note: Charges may apply. The delivery plan should:

- Include a course timetable, clearly showing the required subjects and criteria/learning outcomes are covered and the minimum 12 guided learning hours are met
- Be carefully designed to meet the objective of this qualification and the needs of Learners, making sure Learners are adequately prepared for the assessments
- Be emailed to: info@qualsafeawards.org

Blended learning

This qualification can be delivered using a combination of distance learning and face-to-face classroom learning and assessment. The 'minimum' amount of classroom hours **must** be as detailed below with the remainder of the GLH having been completed by distance learning:

2 day AFA

- 8 hours (1 day) CLASSROOM
- 4 hours (1 day) DISTANCE

Note: distance learning **must** be completed **before** the face-to-face classroom session and **all** assessments **must** take place in the classroom.

Distance learning can be delivered through either video conferencing or e-Learning. For this qualification, the following option is available:

Centres can use their own e-Learning content or virtual classroom to deliver the distance learning element. **This requires additional approval criteria.** See *QA Blended Learning Policy for Regulated First Aid Qualifications* and *QA Blended Learning Agreement for Regulated First Aid Qualifications*

Learning materials

Centres must provide each Learner with suitable reference materials that covers the lesson plans and learning outcomes for this qualification. We recommend:

- *First Aid Made Easy* by Nigel Barraclough

Centres can choose alternative books or other learning materials but these **must be approved** by Qualsafe Awards prior to use. Note: Charges may apply.

Ongoing support

Qualsafe Awards Centres should provide appropriate levels of support to Learners throughout the qualification. The purpose of the support is to:

- Assess knowledge and competence in relation to learning outcomes and the detailed assessment criteria of the units if plural within the qualification, see *Appendix 1*
- Give Learners feedback on their progress and how they might be able to improve

Assessment

Overview

The Qualsafe Level 2 Award in Activity First Aid (RQF) skills and knowledge should be taught and assessed in accordance with currently accepted first aid practice in the UK.

Methods

Qualsafe Awards has devised externally set, internally marked assessment tools to make sure Learners are assessed against the required knowledge, skills and understanding, as detailed in the learning outcomes and assessment criteria shown in *Appendix 1*. Centres should download all assessment papers from the QA Customer Portal in advance of the course. For each unit there are:

- Practical assessments – observed by the Trainer throughout the course, with the results of each learning outcome recorded on the practical assessment paperwork, see *QA Guide to Assessing First Aid Qualifications*. There are 6 mandatory and 1 optional practical assessment for this qualification:
 - CPR and safe use of an AED
 - Choking casualty
 - Unconscious casualty
 - Wounds, bleeding and shock
 - Management of fractures
 - Secondary survey
 - *Optional extra* – Catastrophic bleeding
- Theory assessment/multiple choice question papers – there is 1 paper per unit for each Learner and Learners should answer all the questions under ‘examination’ conditions, see QA Multiple Choice Question Paper Guidelines:
 - The maximum time allowed for Unit 1 is 25 minutes and for Unit 2 it is 45 minutes
 - The minimum mark is 11 out of 16 for Unit 1 and 21 out of 30 for Unit 2 in order to be considered for an overall ‘Pass’

There are 2 possible grades available of Pass or Fail. All mandatory areas of assessment must individually meet or exceed the required pass criteria/mark for the Learner to achieve this qualification.

Note: Centres should download all assessment papers from the QA Customer Portal in advance of the course.

Access to assessment

Qualsafe Awards is committed to equality when designing the assessments for this qualification. Centres can make sure they do not unfairly exclude the assessment needs of a particular Learner by following the *QA Access to Assessment Policy* to determine whether it is appropriate to make a:

- Reasonable adjustment or
- Special consideration

When a reasonable adjustment is made or requested, e.g. written or theory assessment delivered verbally, Centres must complete a Reasonable Adjustment Form and send it to QA with any relevant supporting evidence. Centres should retain a copy of this form for their own records.

Learners may be eligible for special consideration if they have been affected by adverse circumstances beyond their control. A Special Consideration Request Form should be completed and sent to QA for consideration with relevant supporting evidence prior to implementation. Centres should retain a copy of this form for their own records.

Note: If you have any suggestions for improvements, please let us know.

Learners should be informed about the Centre’s and QA’s appeals and complaints procedures and how they can access these. Information about these procedures can be found in the *QA Training Commitment* which should be presented to Learners during their course.

Specific equality issues relevant to this qualification

It is important no Learner is turned away from a training course due to disabilities or impairments. However, to assess competence and gain certification, the Learner will need to demonstrate certain practical skills. For instance, for first aid qualifications the Learner must be assessed performing practical tasks such as CPR, as per *QA Guide to Assessing First Aid Qualifications*. To pass the assessment, the Learner must demonstrate the required practical skills without assistance from a third party (unless authorised by QA following a reasonable adjustment request).

Informal record of achievement

If a Learner with disabilities cannot perform 1 or more of the practical tasks required, it may be possible for the Centre to provide a letter recording the learning outcomes that the Learner achieved. For example, a Learner may be able to demonstrate chest compression only CPR, instruct a third party how to place a casualty in the recovery position and pass the theoretical assessments. The letter should clearly state that “this record of achievement does **not** constitute a Qualsafe Level 2 Award in Activity First Aid (RQF)”.

Assessment language

Assessment in British Sign Language (BSL) may be permitted for this qualification for the purpose of a Reasonable Adjustment. See *QA Access to Assessment Policy*.

Assessment in languages other than English may be permitted. However, the certificate issued could only be used to support a role in the workplace as long as proficiency in English is not required for the role supported by this qualification. See *QA Language Policy*.

Prior approval from QA is required before any assessment is delivered through BSL or a language other than English. Any request received will be considered in terms of viability and there may be charges depending on the work required to meet the request, e.g. translating assessment papers.

If a Learner passes the assessment process in another language or through BSL, their certificate will show extra information, including the language of assessment and if required, confirmation of the context in which the certificate can be issued.

Quality assurance

Centre internal quality assurance

The Centre is required to sample a reasonable amount of assessments as part of the quality assurance of the qualification. This standardisation of assessment across Learners and Trainers is to make sure there is fairness and consistency in assessment practices. Centres are required to adhere to QA’s internal quality assurance requirements. Further details can be found in the *QA Centre Assessment Standards Scrutiny (CASS) Guidance*.

Centres must retain all Learner documents and records for a period of 3 years and make sure these are available for review by Qualsafe Awards or our representatives, e.g. External Quality Assurers (EQAs), on request.

Qualsafe Awards external quality assurance

Qualsafe Awards operates a system of ongoing monitoring, support and feedback for approved Centres.

QA employs a risk-based model to decide the frequency of external quality assurance activity.

Further details of the Qualsafe Awards’ external quality assurance programme are available in the *QA Centre Assessment Standards Scrutiny (CASS) Guidance*.

Appendix 1 – Qualification units

Qualification unit 1

The Qualsafe Level 2 Award in Activity First Aid (RQF) has 2 units that Learners are required to complete in order to achieve the qualification.

Title:	First Aid Essentials
GLH:	6
Level:	2
Credit value:	1
Learning outcomes The Learner will:	Assessment criteria The Learner can:
1. Understand the role and responsibilities of a first aider	1.1 Identify the role and responsibilities of a first aider 1.2 Identify how to minimise the risk of infection to self and others 1.3 Identify the need for establishing consent to provide first aid 1.4 Identify the first aid equipment that should be available 1.5 Describe the safe use of first aid equipment
2. Be able to assess an incident	2.1 Conduct a scene survey 2.2 Conduct a primary survey of a casualty 2.3 Give examples of when to call for help
3. Be able to manage an unresponsive casualty who is breathing normally	3.1 Assess a casualty's level of consciousness 3.2 Open a casualty's airway and check breathing 3.3 Identify when to place an unconscious casualty into the recovery position 3.4 Place an unresponsive casualty in the recovery position 3.5 Manage a casualty who is in seizure
4. Be able to manage an unresponsive casualty who is not breathing normally	4.1 Recognise the need to commence Cardiopulmonary Resuscitation (CPR) 4.2 Demonstrate CPR using a manikin 4.3 Identify the accepted modifications to CPR for children
5. Be able to recognise and assist a casualty who is choking	5.1 Describe how to identify a casualty with a: <ul style="list-style-type: none"> • Partially blocked airway • Completely blocked airway 5.2 Administer first aid to a casualty who is choking
6. Be able to manage a casualty with external bleeding	6.1 Identify the types of external bleeding 6.2 Control external bleeding
7. Be able to manage a casualty who is in shock	7.1 Recognise shock 7.2 Administer first aid to a casualty who is in shock
8. Be able to manage a casualty with a minor injury	8.1 Administer first aid to a casualty with small cuts, grazes and bruises 8.2 Administer first aid to a casualty with minor burns and scalds 8.3 Administer first aid to a casualty with small splinters
Other information	Cardiopulmonary Resuscitation (CPR) Must include correct placement of AED pads and following of AED instructions

Note: Full and detailed qualification content is available to approved Centres in the form of lesson plans and a training presentation which are provided free of charge.

Qualification unit 2

Title:	Management of Illness and Injury in Activities
GLH:	6
Level:	2
Credit value:	1
Learning outcomes The Learner will:	Assessment criteria The Learner can:
1. Conduct a secondary survey	1.1 Explain the importance of consent 1.2 Demonstrate a secondary survey: <ul style="list-style-type: none"> • Gathering patient history • Physical assessment
2. Administer first aid to a casualty with injuries to bones, muscles and joints	2.1 Describe how to recognise and manage common types of: <ul style="list-style-type: none"> • Fractures • Dislocations • Sprains • Strains
3. Administer first aid to a casualty with suspected head, neck and back injuries	3.1 Describe how to recognise and manage suspected: <ul style="list-style-type: none"> • Concussion • Skull fracture • Cerebral compression 3.2 Demonstrate how to manage a suspected spinal injury
4. Administer first aid to a casualty with suspected chest and abdominal injuries	4.1 Describe how to recognise and manage a chest injury 4.2 Describe how to recognise and manage an abdominal injury
5. Administer first aid to a casualty with thermal injuries	5.1 Describe how to manage a burn and scald injury 5.2 Describe how to manage an incident involving electricity
6. Administer first aid to a casualty with eye injuries	6.1 Describe how to recognise and manage eye injuries
7. Administer first aid to a casualty with sudden poisoning	7.1 Describe how poisons enter the body 7.2 Describe how to recognise and treat a casualty affected by common poisonous substances, including plants 7.3 Identify sources of information that provide procedures for treating those affected by poisonous substances
8. Administer first aid to a casualty with anaphylactic shock	8.1 Identify common triggers for anaphylaxis 8.2 Recognise and manage a casualty suffering from anaphylactic shock
9. Know how to provide first aid to a casualty with suspected major illness	9.1 Describe how to recognise and manage the signs and symptoms of major illnesses including: <ul style="list-style-type: none"> • Heart attack • Stroke • Epilepsy • Diabetes • Asthma
10. Know how to provide first aid to a casualty who is experiencing the effects of extreme heat and cold	10.1 Describe how to recognise and treat the effects of extreme cold occurring by participating in activities 10.2 Describe how to recognise and treat the effects of extreme heat occurring by participating in activities

Note: Full and detailed qualification content is available to approved Centres in the form of lesson plans and a training presentation which are provided free of charge.

Appendix 2 – Occupational knowledge, competence and experience

Occupational knowledge and competence

All Trainers, Assessors and IQAs must have occupational knowledge and competence in first aid.

Acceptable evidence includes:

- Holding a First Aid at Work certificate issued by an Ofqual/SQA Accreditation/Qualifications Wales/CCEA Regulation recognised Awarding Organisation/Body (or equivalent*) **or**
- Holding a current Offshore First Aid Certificate issued by a HSE approved training provider **or**
- Current registration as a Doctor with the General Medical Council (GMC)** **or**
- Current registration as a Nurse with the Nursing and Midwifery Council (NMC)** **or**
- Current registration as a Paramedic with the Health and Care Professions Council (HCPC)**

*recognised First Aid at Work certificate equivalents must be submitted to QA with comprehensive mapping which evidences that all assessment criteria of the FAW qualification have been achieved within the past 3 years.

**registered healthcare professionals must act within their scope of practice and therefore have current expertise in first aid to teach/assess the subject.

Teaching experience

All Trainers must have experience in teaching first aid. Acceptable evidence includes either of the following:

- A 36-hour log of teaching first aid within 3 years. At least 1 First Aid at Work qualification delivered within 6 months **or**
- A record of being observed by a qualified/approved Trainer within 12 months, during which practical and theoretical topics were delivered competently for a duration of 6 GLH.

Assessing experience

All Assessors must have experience in assessing first aid. Acceptable evidence includes either of the following:

- A log of performing assessments on 6 first aid courses within 3 years **or**
- A record of being observed by a qualified/approved assessor within 12 months, during which 4 practical and 1 theoretical assessment were delivered competently

Appendix 3 – Acceptable training/assessing qualifications

This list is not exhaustive but provides a guide to acceptable training and/or assessing qualifications. Trainers who also assess Learners' competence must hold an acceptable assessor qualification) to enable them to perform both functions.

Qualification	Train	Assess*
CURRENT QUALIFICATIONS (available for new trainers/assessors to undertake):		
Level 3 Award in Education and Training	√	√
Level 4 Certificate in Education and Training	√	√
Level 5 Diploma in Education and Training	√	√
Level 3 Award in Teaching and Assessing in First Aid Qualifications (QCF or RQF)	√	√

Regulated Qualifications based on the Learning and Development NOS 9 Assess Learner Achievement		√

Note: Assessors who do not hold a formal assessing qualification may alternatively attend *First Aid Assessor CPD Training* with an Awarding Organisation/Body.

Appendix 4 – Qualifications suitable for internal quality assurance

This list is not exhaustive but provides a guide to acceptable IQA qualifications:

L&D Unit 11 Internally Monitor and Maintain the Quality of Workplace Assessment SCQF Level 8 (SQA Accredited)
Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice
Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice
Conduct the Internal Verification Process SCQF Level 8 (SQA Unit)
Regulated Qualifications based on the Learning and Development NOS 11 Internally Monitor and Maintain the Quality of Assessment
V1 Conduct Internal Quality Assurance of the Assessment Process or D34 Internally Verify the Assessment Process
Internally Verify the Assessment Process SCQF Level 8 (SQA Unit)

Note: IQAs who do not hold a formal internal quality assurance qualification may alternatively attend *Internal Quality Assurance CPD Training* with an Awarding Organisation/Body.
